

## Tell Me About Me!

Dear \_\_\_\_\_,

I am working on a scrapbook about myself. And since part of who I am is being your child, I would like to know what you think! I'd like to include your thoughts, in your own handwriting, in my scrapbook.

So, tell me about me! Some things you could write about are:

- A favorite memory of something we did together
- What you've learned from me
- What you like best about me
- What you admire about me
- How I was different from my childhood friends
- My favorite childhood recipes
- \_\_\_\_\_

Please let me know if you have any questions. I have included a piece of acid-free paper in this envelope for you to write your thoughts on, so I can include it in my scrapbook.

I look forward to reading what you write!
